Scaffold User Training	29 CFR 1926.454	NOT COMPLETED
Ladder Safety	29 CFR 1926.1053	NOT COMPLETED

TRAINING REQUIREMENT DETAILS

Fall Protection Training (29 CFR 1926.503)

OSHA Requirement: The employer shall provide a training program for each employee who might be exposed to fall hazards. The program shall enable each employee to recognize the hazards of falling and shall train each employee in the procedures to be followed in order to minimize these hazards.

Employee Exposure: Maria Santos regularly works at heights exceeding 6 feet, including scaffolding, ladders, and elevated platforms.

Status: NO TRAINING RECORD FOUND

Note: A Fall Protection training was scheduled for January 20, 2022 but was cancelled due to weather. It was never rescheduled.

Scaffold User Training (29 CFR 1926.454)

OSHA Requirement: The employer shall have each employee who performs work while on a scaffold trained by a person qualified in the subject matter to recognize the hazards associated with the type of scaffold being used and to understand the procedures to control or minimize those hazards.

Employee Exposure: Maria Santos regularly works on scaffolding for drywall installation and finishing.

Status: NO TRAINING RECORD FOUND
